April 26, 2020 Update 115

Psalm 18:1-3 I love you, O LORD, my strength. **V2** The LORD is my rock and my fortress and my deliverer, my God, my rock, in whom I take refuge, my shield, and the horn of my salvation, my stronghold. **V3** I call upon the LORD, who is worthy to be praised, and I am saved from my enemies. **Psalm 2:10-12** Now therefore, O kings, be wise; be warned, O rulers of the earth. **V11** Serve the LORD with fear, and rejoice with trembling. **V12** Kiss the Son, lest He be angry, and you perish in the way, for his wrath is quickly kindled. Blessed are all who take refuge in him.

Greetings to everyone,

*Life is changing all over the world for everyone. The only other event that changed the world to this level and more was the Birth of Jesus Christ. Then Paul and the other apostles turned the world upside down, **Acts 17:6** teaching of The Christ Jesus. It even changed our world calendar using AD & BC as a point of measuring time.*

We are well here in Greenland, they say that we have no cases of the Virus (Who ever they are) but we are still taking precautions and staying indoors. One reason we are being very careful is my Bilharzia has come back again strong. Bilharzia is worms that entered my body from Lake Victoria in Uganda Africa while doing mission work there from 2007 to 2014. They live in my lungs and intestinal areas. Without going into detail I need treatment and this is an issue we are working on right now to resolve. A Prayer Need!!!

The affects of the Virus

We really don't want to focus on the virus but it affects everything we are doing nowadays. We don't seem to have the virus here in our town Qasigiannuit, and things have gone back to normal, but I am not sure that's good yet. Shipments of supplies have been almost nonexistent. So even if our town does its normal activities, supplies are running low in everything.

2 weeks ago our supply ship came and food wise only brought potatoes. Our news say we can travel from town to town (village to village) but our helicopter that normally comes 3 to 4 times per week has only been here once in 2 weeks. But we are told that no one can come or go from Nuuk, the capital where they say there were 11 cases, but everyone is OK now.

About 3 weeks ago Denmark only had a few hundred cases and now they have nearly 8,000 cases, over 350 deaths and an average of 350 new cases every day. The problem with that is all our supplies are shipped in from Denmark and our postal

system is all but ceased. Not one package has been shipped here for over 4 weeks. Well that's our situation!!!

We hope for the best & prepare for the worst like any good soldier!!!!

David chose 5 stones to fight Goliath [1Samuel 17:40](#) one man!!!!

The Ministry

As weather is changing in an abnormal way with winter seeming to be ending, we'd like to get back to the boat and do the repairs as soon as possible, which will take possibly 3 weeks. Because the boat is dry docked in another town (Aasiaat), we have to travel by helicopter to get there. If the virus does not reach us, then perhaps we will be able to start working on the boat early.

We are going to start our Bible studies again next week and just see what happens week by week, also we'll start counseling again too, week by week. We will watch throughout the week whether or not to continue depending upon the effect of the virus here in Greenland. But over all we are taking it slow to be cautious of the situation at hand.

A Testimony

We have been calling and texting a person who has made a decision to give his life to Christ, someone we have been witnessing to for 5 years. We talk to him on the phone throughout the week right now and sometimes daily, with many questions to be answered. He is reaching out already to his student friends and he has actually prayed and asked the Lord to test him, so that he can grow in the Lord and be used mightily by HIM. I am going to ask him if I can give a testimony of the last few years of his life and our involvement with him. If he allows us this great opportunity we will put it in our next update, it's an amazing and awesome testimony about how God works in all our lives. To God be the glory.

Another Great Testimony

Also another friend of ours here in town that we have been witnessing to for years had an indescribable & unbelievable life issues that could only happen here in Greenland, which put her on high dosages of anti-depressants and she had been on them for years. She would come to our Bible studies sometimes but was always in a cloud. Her husband didn't like her coming to our Bible studies or even our house for counseling, but she would sneak over sometimes anyway. We offered to help her slowly and then finally stop her pills so she could have a clear mind to understand the truth about Christ and His Word. Within this last month she stopped her pills and she says she is happier than she has been for years and feels great. She came to our closing Bible study last month and is now very excited to start attending again.

Oh, and last month through much prayer an event uncured that gave us an opportunity to show the love of Christ to her husband and family and now her husband is happy to allow her to come to our Bible studies and we pray that he too will come sometime. The Lord is beginning to show us the fruit of our labors in His Name, here in Qasigiannuit, our town. We are so happy, happy, happy.

Thank You all so very much for the ongoing support and prayer in these most difficult and unsure times of today. We Love you all and may the Lord give you all wisdom in these times.
