Also I wrote a little description about each clip, below the name on the bottom of the video. All the other past clips are there to watch them again if you'd like.

**Luke 2:10-14** And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to **all people**. For unto you is born this day in the city of David a Savior, which is Christ the Lord. And this shall be a sign unto you; You shall find the babe wrapped in swaddling clothes, lying in a manger. And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men.

**John 18:37** Pilate therefore said unto him, Art thou a king then? Jesus answered, **you say that I am a king. To this end was I born, and for this cause I came into the world, that I should bear witness unto the truth. Every one that is of the truth hears my voice.**

*Merry Christmas Everyone,*

*First we hope you all have a very Merry Christmas & holiday time this year, keeping Christ in the center of it all. But also remembering what Christ said to Pilate in John 18:37, “For this purpose I was born and for this purpose I have come into the world.” It’s about Christ Crucified & resurrected. Also remember that this is a time of joy for many but some are alone & lonely this time of year as well, so reach out with the heart of Christ to the needy ones.*

*This is our second Christmas in a row in Greenland and again this year we will be having 6 people over for a Christmas Eve dinner. We would like to try to fit 8 people if possible. These are people that don’t have a place to go for Christmas, so we hope we can make a difference.*

### The Boat “Qaamaneq” Update:

*They (the boat yard) are moving forward and have removed the propellers and I assume have sent them out. There are a few other things on the boat that need work that I can’t do because of the needed tools and equipment I don’t have, but overall things seem to be going well. I’ll have to make a trip to Aasiaat where the boat is, to check a little closer and ensure things are going forward as planned. It’s a 15 to 20 minute helicopter ride and maybe a one day stay over, so next year I’ll make that visit.*

### Fruit from the Lord:

*The last few Bible studies have been going very well as we watch the Lord working in the hearts of the people that are coming. Two weeks ago a person we have been praying for, named Juliana, asked if she could stay after everybody left, to talk. When everyone had left she said she would like to give her life to the Lord. In past updates we had talked a little about Juliana and how she hears voices in her head telling her to do bad things to herself and other bad things as well. She has been hospitalized several times. So we spent about an hour*

with her, praying over her and explaining to her what it truly means to give her life to Christ. Since then we have had her over at the house for different reasons and she seems to be truly changed. She wants us to talk to her little brother that lives in town about Jesus. I think he is 12 years old and he lives with a foster family.

I have seen many false conversions, so we are trying to make things clear that repentance is life & only by receiving the Holy Spirit of promise is there a true conversion. **John 3:3** At this time Juliana seems to be changed. Time will tell and we are spending as much time as we can with her to work with her and encourage her about the truth. A few others in the Bible study look like they are beginning to understand as well, but again, time will tell. The Word teaches us that if they leave Him that they were never of us. **1 John 2:19**

There are also 3 others in town that don't come to our Bible study that are now showing some light. We are hoping and praying that soon they will also start coming to our Bible studies.

## Personal Update:

Here is a little information about us on a personal level. This last month Solveig's brother and family of 3 kids came to visit for about 4 days from Nuuk and her younger sister too for a couple of weeks. The family of 5 stayed at a friend's vacant house close by, and Solveig's younger sister stayed at our house. I slept on the couch. It was Solveig's birthday so we had a kaffemik as it's called here in Greenland. A kaffemik is an open house birthday party where we invite many people to come visit between 1 to 6 at any time. So people come for 20 to 30 minutes, eat cake and food then leave so there is room for another group of people. That worked out good for us because our house is so small. We can't really fit more than 9 people in our house at one time. We had over 50 people visit us for Solveig's birthday, which was nice to see.

FYI, this last month Solveig experimented with some dinner ideas and made Reindeer ribs with BBQ sauce as well as seal ribs with BBQ sauce, both were great. She also baked some seal in the oven, which is not the norm, usually it's boiled. That was really great too!!!! The last thing we should mention that happened last month was that I had cancer removed from my arm. It was carcinoma type cancer which was removed about a year ago and came back, but this time the doctor cut very deep into my arm to make sure it was all removed. All is well.

We have been thinking about returning to the USA for a few months now but the virus numbers seem to be getting worse. We are open for opinions on if we should or shouldn't risk the international travel. We are not there so all we have to judge things by is what we see on YouTube, we don't have a TV. I do have a breathing issue due to the African disease Bilharzia, which affects my breathing, something I still deal with every day. Please email us with your thoughts on the matter.

We need a break from all the translation that is non-stop for Solveig. We are a 24/7 ministry, Mostly one on one that wears us out, so if we don't go back to the USA for a short time we need to travel to another town like Sisimiut, south, for a few weeks. But that will cost us nearly the same as traveling to the USA. Please email us on what you may think about all this.
