January 18, 2021 Update 123

Hello Everyone,

We have more new clips, just click the blue link: You **DON'T** have to **Sign Up** with Vimeo to watch the clips, just click in the center of the picture. **There are 10 new clips this month!!**

Click here: [Light of the World Aid Int.](#) 4 of the clips are from Uganda Africa from 2010-14.

Also I write a little description about each clip, below the name on the bottom or side of the video. All the old clips are still there to watch as well.

The clips show our everyday life as well as some ministry work. Our work is 24/7 one on one mostly with counseling, which we don't film. Much of the encouraging and counseling happens over the phone and person to person any time day or night.

The Last month of 2020:

December like most of us was very busy and keeping focused on what Christmas is all about is a must. Our work here seems to never stop, in fact, a week before Christmas Solveig got a call at around 12:30 am midnight, from Juliana with a Bible question from Luke chapter 13. It's great to know that she is reading diligently and that when we say call any time day or night, they do.

Also I was counseling a person until 2:30 am a few days after that. We have to be ready at any time to help a person in need, no matter what.

We also had 4 different dinners that month; first Sunday Advent, Christmas eve, New Years eve & New Years day with 5 to 6 people each time in our little house. We had several other tea and coffee days in between counseling and visiting others as well. A very busy month!!!! On top of all that we had Eddie staying with us for one month as well.

We now have 3 people wanting to be baptized this summer in a small lake south of us about 4 hours by our boat, that's Ian, Juliana, and Pernille, another lady that gave her life to Christ & received the Holy Spirit that comes to our Bible study almost every time, we haven't talked too much about Pernille. The Lord has totally changed her life as well.

Reflections of the past & God's Hand, A Praise Report!!

*We would like to give a praise of the past. I think it's important to share what God has been doing from the beginning of His ministry of about 15 years ago when it all started with "Island Ministries" up to now, which is now called "Light of the World Aid International". An interesting point is that it all began on a small island in Lake Victoria, Uganda, Africa, and now on the largest Island in the world, Greenland. **We're still doing God's work on Islands !!!!***

I will be brief because it would take hundreds of pages to share all the miracles and the chain of events that lead to the miracles & God's sovereignty that took place day by day.

We hope you are encouraged by hearing how God has been using this ministry for His glory in mighty ways.

It all began about 15 years ago with a one ticket to Uganda Africa where I was told it couldn't be done. People said I would be stopped in England and have to buy a return ticket, but if some way I got passed England, I would be sent back once in Uganda, Africa. God made a way, no problems!!!! Here are just a few things that happened in Uganda, Africa.

I was nearly poisoned twice, threatened with prison twice; a woman hadn't walked for over 3 years then walked after prayer. A hand that was nearly cut in two completely healed overnight and nearly ¾ of the prisoners in prison on the island were released after 2 weeks of prayer. After driving nearly 4 hours up to speeds of 80 MPH+ our front wheel broke completely off as Solveig and I pulled into a parking place at the ending of our trip. I could tell that the wheel had been broken the whole trip.

Then in Kenya on a rescue mission a friend and I escaped from a mob with machetes and then we crossed a death zone in shallow water of crocodiles & hippos in Lake Victoria with a small wooden boat during a storm to return to Uganda.

In the time from 2007 to 2014, hundreds of people gave their lives to Christ through the showing of "The Passion of Christ" and many other venues. Pastor Fred Asimwe has planted over 20 non-denominational Churches throughout the islands as well as at least 10 or more on the mainland. Each church is independent; it's not a group of churches with one church leader. Pastor Fred helps as an overseer; they all have their own elders and Pastors.

These are the first Non-denominational churches in Uganda Africa. And to do that, Fred and I had to correspond directly to the President of Uganda explaining exactly what Non-denominational meant. After about 6 weeks and several letters back and forth to the president & lots of prayers, he said yes. Since then the president has asked Pastor Fred to speak at several government venues, as well as many military assemblies with high ranking officers.

The ministry, which was mostly Pastor Fred, Solveig and I helped the needy in many ways, taught in the prisons, showed "The passion of Christ" film in many villages on many different islands, taught in villages, as well as other venues. In a different part of Uganda Solveig and I held Biblical training classes for over 250 men and women church leaders over a 2 year period that changed entire districts, and on the Island we started a radio ministry called "Walk through The Word", a 1 hour & 5 days a week Bible teaching program which continues still today by Pastor Fred. All this was accomplished with a budget of about \$800 dollars per month support.

We still talk with Pastor Fred once or twice per month or more when needed. We talk about Church issues or just encourage each other. All this and hundreds of more things happened with God's grace and through many miracles.

In September 2014 while in prayer the Lord said, leave Uganda in 3 weeks!!!!
Not knowing why, we just obeyed.

After a little over 7 years living on an Island in Uganda, Africa we were able to sell everything we owned and get tickets in a few weeks which normally takes months, leaving with only 2 bags each. This was the first of a series of miracles leaving Uganda. On the way back to the USA to see what God had planned for us next, we went to Nuuk, Greenland first to visit Solveig's family.

After the 3rd day in Nuuk, while in Morning Prayer, the Lord told me (in my heart) to go north and start a ministry. About 3 days later we were on a ship going north to Qasigiannuit for a 1 week stay caught the last ship north that season. (That's why God had us leave in less than a month from Uganda)

We arrived with the big ship in Aasiaat, and then transferred to a small boat to Qasigiannuit. When we arrived we found the house we previously arranged to stay in and it was a time of a **snow blizzard**.

The door was supposed to be unlocked but wasn't. Solveig, in the blizzard went to walk to a neighbor's house to ask who may have a Key for the house but she reached her limit after days of being seasick and all the major changes in life, she just stopped half way there. I could see she was emotionally broken so I prayed Lord please, we need the key!!!! Then in the distance I see a 1974 Ford tan pickup truck coming through the blizzard, it stops and a person jumps out, runs to Solveig, and the person gives her the Key to the house. The interesting thing was that we never saw that truck in town since then and to this day no one knows who gave her the key. After a one week stay we were sure this was the place the Lord called us to.

After Christmas and buying all the needed winter clothing we returned to Qasigiannuit in 2015, thus the Lord had changed our plan to go back to the U.S. Many amazing events took place to make this move happen, just too many to mention, but it was definitely God's hand, and after almost 1 year in Qasigiannuit, the Lord said buy a boat and go further north to teach His Word.

We had no money for a boat but I tried to buy a boat in town to go north anyway because I trusted God would supply the money, and each time I made a deal on a boat it fell through. But that was OK for me because I trusted the Lord so I knew I picked the wrong boat each time. **There must be action with faith**, so I knew there was a boat somewhere waiting for us to buy.

Then while in the USA around August of 2016 the Lord showed me a boat that popped up on Craig's list from Lewisporte, Canada. I never even did any kind of search on Craig's list when this picture of a boat popped up, and when it did I just knew that this was the boat. I didn't even know where Lewisporte was. Oh and about that time the Lord also gave me a true prayer partner (warrior of prayer) from another state, a great man of God.....WOW

The boat was already sold, but that didn't matter because we knew it was God's boat. So we made a deal with the new owner with no money and a deadline for a sight unseen purchase of a boat knowing nothing about boats. God provided the needed funds in a few weeks and when closing the deal we still paid only 2/3 the asking price about \$36,000 dollars.

There were so many miracles the Lord had done in those few months, again, too many to mention. Then the next 2 years of working on the boat (**I'M NOT A BOAT GUY**) making 3 trips of about 3 months each time to Lewisporte Canada, God turned this 40 year old boat into a Northern Arctic Ship. God continued in doing miracles, that some may call coincidences or maybe a twist of fate. Day by day I saw His hand at work. Once I fell off the boat backwards about 10 ft up, and didn't get hurt. But one year I went home in a wheelchair with a bad knee, but here we are still going forward doing God's will in 2021.

Each trip to Canada God orchestrated Parts, people and finances to prepare the boat not only for a northern Greenlandic life but also an Atlantic 3 ½ day crossing. 2 complete crews canceled out on the crossing and finally 2 weeks before our planned departure, God put together a perfect crew. In July 2019 we left Lewisporte Canada for Qasigiannuit Greenland and I was the only one that knew we didn't have enough fuel capacity or money to buy more fuel to make this monumental Atlantic crossing. But I trusted God because I knew in my heart this was the boat and crew he had planned to be in Qasigiannuit Greenland and my Lord has never let me down. We made it somehow and here we are in Northern Greenland with the boat.

NOW I'M A BOAT GUY!!!!

Our first trip north had several harrowing situations nearly losing the boat and probably our lives, but He has a plan and we will keep moving forward in faith no matter what. Through prayers of faith and acting on that faith, God's sovereign will moves us forward for His glory.

Taking the Gospel to the Top of the World.

Blessed is that servant, whom his Lord when he cometh shall find so doing.
