August 19, 2017 Update 93

Greetings from our Home in Qasigiannuit,

We are very sorry that it took so long to send an update. The reason is, here in Greenland, things are very slow, and the system works much different. We had to wait about 2 weeks for our internet to be hooked up, because the person that does the internet activation was on vacation, so we had to wait until he returned and wait in line until our turn came up. Our trash and poop pickup (our toilet is a bucket lined with a plastic bag) is the same issue. Welcome to our little house in Greenland.

Our return:

It is so good to be back in our home again in this small town/village of a little over 1000 people. So many people are very happy to see us again after being gone about 1 year, for various reasons, and it is so nice to know that we were missed. You see, being an outsider, (Not Greenlandic) most don't care if you come back or not, and most outsiders don't return, but to feel wanted and even needed, shows us that God is working, even while we are away.

The first and second night back, we were up until about 2:00 am as people kept coming by our house to see us, it was wonderful seeing everybody again. We prayed and read the Word with many, drinking coffee, tea, eating cookies and chips, you know, the fellowship food, at least for us here in Greenland.

As we walked through town, many asked about the boat. Did we arrive with the boat, and why not? And our Greenlandic friend posted flyers all over town looking for a captain to help us bring our boat to Greenland, so the whole town knows what we are doing. Many were looking forward to seeing the boat and many are excited about our plan going north to teach His Word, even though I think most here don't know the Lord. I do think that everybody knows that the people here in Greenland need hope and I believe that's what people know here, that **The Light** we bring, Jesus Christ, gives them hope.

There is a dark side to what's happened since we have been away, that I think needs mentioning. Our first few years here in Qasigiannuit we weren't away for more than about 6 months, but this last time we have been away about one year. In that one year's time there has been 5 suicides in town and we knew some of them.

Just before we arrived here in Qasigiannuit for the first time, about 3 years ago, there were 2 suicides just a few weeks before we came, but while we were here there were **NONE**. The people here knew that anybody can call us, stop by, or send someone so we can talk with them in time of need, any time, and it happened often, our hearts cry for the lost. These things are **not coincidences!!!!**

Our trip from Nuuk:

We arrived in Nuuk Greenland for a few days first, before heading to our village up north in Qasigiannuit to say a few words in the Ebenezer Church. The Lord moved, as we spoke from our hearts, sharing what God has given us to do in Qasigiannuit & Northern Greenland with the new boat called Qaamaneq (The Light). It was also great to hear the new outreaches that some are now getting involved with visiting the prison, elderly home, and other places, sharing Christ, reaching out to the lost in Nuuk. Keep them in prayer!!!!!!

Then again, we had to downsize our luggage and mail some boxes the day before we left Nuuk. It will take about 4 weeks for the boxes to get to Qasigiannuit, we'll see, maybe longer, which is usually the case.

We got on a small propeller plane the next day arriving in Ilulissat a few hours later, to wait 2 days until our boat left for Qasigiannuit. When we arrived at our hotel at about 9:00pm (THAT WE BOOKED 4 DAYS BEFORE), the office door was locked and no one was to be found. After 1 hour of searching, we could not find a room anywhere in Ilulissat, since it's the high tourist season all the hotels were booked. But thank the Lord we saw the Juvel II in the harbor, the 110 foot ship we were on evangelizing Southern Greenland about 2 years ago. They allowed us to sleep on board that night and on top of that, they took us the next day to Qasigiannuit. We saved two nights at a hotel, and arrived a day early in Qasigiannuit.....Praise The Lord.....

Starting Bible Study:

The Lord opened the door that we can start a Bible Study next week. We are here just a very short time this trip, due to Solveig's citizenship requirement, but we felt this short visit was very important & was needed for encouraging the people of our town.

A Bible study will help the few believers that are here and others that are interested in hearing what we believe and teach. We hope that when we leave this time, people will still come together to help and encourage one another while we are away. Jesus Christ, our Hope of Glory

The Boat:

Qaamaneq, the new name of our boat, is on dry land winterized in Lewisporte, Newfoundland, Canada, until next year for the trip to Greenland. We are praying for funding for new navigational gear and additional fuel bladders to be installed next summer that will make the trip possible and safe.

We thank all of you again, that made it possible to purchase Qaamaneq through your Prayers and support. The trip will be able to be followed via GPS & Google Earth, minute by minute as we cross the Labrador Seas on our [Up and Coming Website](#), Lord willing by next month the website will be available.
